

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

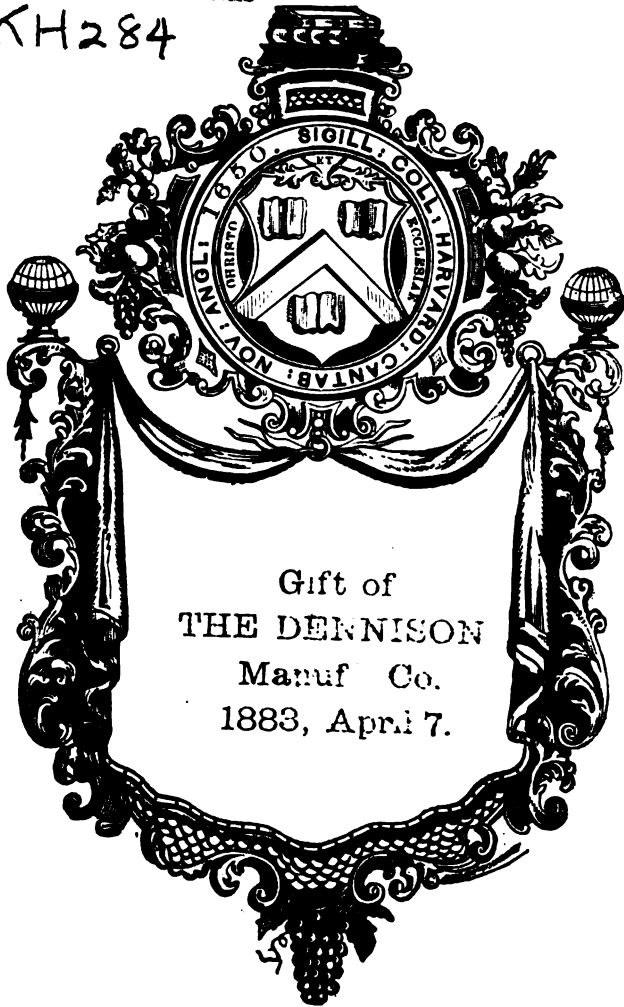

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

PREFACE.

The NASHVILLE DIRECTORY for 1881 is the product of the most patient toil and painstaking care, and is presented for public approval with an assurance begotten of a faithful discharge of duty.

Always on the alert for improvements, THE NASHVILLE DIRECTORY has this year surpassed itself in the completeness of its information and excellence of typography, and has, besides, a larger number of advertisements and subscriptions than ever before. This, we take it, is conclusive evidence that Nashville appreciates a good Directory and a first-class advertising medium.

We are glad to note that, acting upon our suggestion last year, the City Council have re-named many of the streets, thus enabling us to give correct information. All these changes have been made upon the Map and in the Street Directory.

A glance at the Table of Contents will facilitate the finding of any information contained in the book.

We have on our shelves a complete file of Directories published in the United States, and welcome all who may wish information contained therein.

Respectfully,

MARSHALL & BRUCE.

Having withdrawn all our Agencies beyond the limits of our own State, we have restored the EQUITABLE to what it was originally intended to be, purely a State Institution.

Our stock is owned by citizens of the State, in all parts of the State, and our Board of Management is composed of leading men from the principal towns throughout the State; therefore, while it is a State Company it is not local or sectional. In patronizing this Company you not only keep the money which you pay for premiums in the State, to increase the general wealth and add to the general prosperity thereof, but you are also lending aid and encouragement to your own county, your own town, your own friends and neighbors.

Having withdrawn our capital from the hazard of conflagrations in large cities, we can offer to you better indemnity than companies so exposed, and we respectfully solicit your patronage.

You know not the day nor the hour when the fire cometh, therefore be ready—with an Equitable policy.

“Wit is the flower of imagination, judgment its fruit.” Judgment directs you to insure your property against loss or damage by fire.

“WE LEAD IN OUR LINE.”

"With only reasonable care it is a perfect protection against fraudulent alteration."—*N. Y. Tribune.*

"It has been subject to every possible test, and the utmost proof of absolute security established."—*N. Y. Times.*

"It has stood the most thorough tests by eminent chemists and experts."—*Evening Post.*

"We commend it to the careful attention of all interested."—*Journal of Commerce.*

"When everybody uses it we shall hear no more of 'raising' checks."—*Harper's Weekly.*

"It seems to fully meet every requirement for security against alteration."—*Banker's Magazine.*

"By it every possible erasure or change may at once be detected."—*N. Y. Express.*

Do you know a check on ordinary Paper can be easily altered?

Do you know the Supreme Court has decided that the maker of a check is bound to "use all due diligence to protect it?"

Do you know check-raising is becoming very frequent?

Do you know millions of dollars have been paid on raised checks?

Do you know the **National Safety Paper** is the **only positive protection**?

It costs but a trifle extra. It is **more important** to use this paper to protect checks and drafts than to use locks and safes for valuables.

NEW YORK WEEKLY HERALD.

ONE DOLLAR A YEAR.

The circulation of this popular newspaper is constantly increasing. It contains all the leading news of the Daily Herald and is arranged in handy departments. The **Foreign News** embraces special dispatches from all quarters of the globe. Under the head of **American News** are given the Telegraphic Dispatches of the week from all parts of the Union. This feature alone makes **The Weekly Herald** the most valuable chronicle in the world, as it is the cheapest. Every week is given a faithful report of **Political News** embracing complete and comprehensive dispatches from WASHINGTON, including full reports of the speeches of eminent politicians on the questions of the hour. **The Farm Department** of the WEEKLY HERALD gives the latest as well as the most practical suggestions and discoveries relating to the duties of the farmer, hints for raising CATTLE, POULTRY, GRAINS, TREES, VEGETABLES, &c., &c., with suggestions for keeping buildings and farming utensils in repair. This is supplemented by a well-edited department, widely copied, under the head of **The Home**, giving recipes for practical dishes, hints for making clothing and for keeping up with the latest fashions at the lowest price. Every item of cooking or economy suggested in this department is practically tested by experts before publication. Letters from our Paris and London correspondents on the very latest fashions. The Home Department of the WEEKLY HERALD will save the housewife more than one hundred times the price of the paper. The interests of **Skilled Labor** are looked after, and everything relating to mechanics and labor saving is carefully recorded. There is a page devoted to all the latest phases of the Business markets, Crofs, Merchandise, &c., &c. A valuable feature is found in the specially reported prices and conditions of **The Produce Market**.

SPORTING NEWS at home and abroad, together with a STORY every week, a SERMON by some eminent divine, LITERARY, MUSICAL, DRAMATIC, PERSONAL and SEA NOTES. There is no paper in the world which contains so much news matter every week as the WEEKLY HERALD, which is sent, postage free, for One Dollar. You can subscribe at any time.

PERRY & CO. LONDON AND BIRMINGHAM

Are the largest and one of the oldest Manufacturers of

STEEL PENS IN THE WORLD.

STEEL PENS were first brought into use about the year 1803, and many of the improvements that lead to their present extensive sale were introduced by SIR JOSIAH MASON, of Birmingham, and JAS. PERRY, of London, who commenced the Manufacture in 1824.

Sample boxes containing 25 different styles of pens, sent by mail on receipt of 25 cents. Postage stamps received. We confidently recommend the Perryian Pens for their uniform quality of metal and finish.

Samples and Price List sent to the Trade on application.

LOOKOUT MOUNTAIN ROUTE N., C. & St. L. Ry. To Charleston & Jacksonville

ACADEMY OF ST. CECILIA,

MOUNT VERNON, NASHVILLE, TENN.

FOR YOUNG LADIES, Conducted by DOMINICAN SISTERS.

(Founded in 1860.)

This Institution stands upon an eminence north of the city limits of Nashville, overlooking the valley of the Cumberland river. For beauty of scenery, pure air and healthfulness, it is not surpassed by any institution, either in the North or in the South. Sickness is almost unknown. Chalybeate water constant in supply, is upon the lawn, and the purest white sulphur just outside the grounds. The wholesome country diet and facilities for out-door exercise, offer peculiar advantages to pupils of a delicate constitution. The halls for study, music rehearsals, recitation and dormitories are well ventilated, having been constructed with a view of promoting the health and comfort of pupils. The education of youth is the special *calling* of the Dominican Sisters; to qualify themselves for this high duty is their constant aim. The Academy refers with confidence for verification of its past efficiency to its many finished graduates and its pupils throughout the South.

The course of instruction embraces all the usual requisites of a thorough and accomplished education, fitting the pupils for the highest social circle, or the office of teaching. Special classes are formed for such as wish to prepare themselves for teaching. The

Department of Music, both vocal and instrumental, is superintended in the most able manner. To prevent bad habits in fingering, beginners receive lessons every day. All the pupils are taught to sing; besides daily lessons in vocal exercises by competent teachers, such pupils whose years and natural vocal powers fit them for *particular lessons*, may have their voice cultivated after the most approved style.

A library of choice and standard works is open to the young ladies.

The discipline is mild and parental, yet firm; the pupils are kept within the line of duty more by a sense of justice and honor than by fear of penalty. To encourage diligence and polite, amiable deportment, notes of approbation are awarded every week, and cards of excellence every month.

On one day of every month the pupils entertain the teachers with vocal and instrumental music, reading and compositions, and recitations from the best authors. The object of these exercises is the cultivation of taste, habits of self-possession, and ease and grace of manners.

Weekly instructions are given in politeness and etiquette, and all that constitutes correct, lady-like deportment.

Pupils of all denominations are received; no difference is made on account of religion, nor undue influence exerted to bias the religious opinions of pupils differing in creed.

French is taught by native teachers.

The Academic year consists of two sessions of five months each. It commences on the first Monday in September, and terminates with closing exercises about the 20th of June. At the closing exercises, Academic Honors are conferred and Rewards distributed.

[Gallatin (Tenn.) Examiner.]

AN EXCELLENT SCHOOL FOR YOUNG LADIES.

St. Cecilia Academy, of the Dominican Sisters at Nashville, is recognized as one of the most thorough institutes of learning in the South. It is unlike many of the so-called "fashionable" schools, where solidity is sacrificed for mere tinsel and show; on the contrary, they really *educate*, and at the same time give every attention to the most highly ornamental branches of female education. In no school in the country is Music, the Modern Languages, and the Fine Arts more thoroughly taught. A graduate of St. Cecilia is really an educated and accomplished girl. The sentiment of parents is fast favoring their system of comparative seclusion from the gayeties of the world while their daughters are being educated, and in this respect we commend this school. To those of Protestant professions we may, also, say that no interference or bias is ever given to the religious views of any one.

THE AMERICAN PHOTO-LITHOGRAPHIC CO.,

Established 1866.

OFFICE (EVENING POST BUILDING), 206 & 208 BROADWAY, N. Y.

ARE PREPARED TO COPY

LINE ENGRAVINGS, WOOD ENGRAVINGS, PRINTED LETTER-PRESS,
LITHOGRAPHS, MUSIC, MAPS, Drawn or Engraved,
ARTISTIC PEN DRAWING, ARCHITECTURAL PLANS, MECHANICAL DRAWINGS,
MANUSCRIPT LETTERS, DOCUMENTS, ENGINEER'S PLANS,

AND EVERY VARIETY OF LINE WORK BY

OSBORNE'S PROCESS OF PHOTO-LITHOGRAPHY,

IN THE HIGHEST STYLE OF THE ART

Copies may be had in fac-simile and of any size, whether enlarged, reduced, or of full scale, with absolute accuracy and economy, the transfers being made by Photography instead of the hand of an artist.

Drawings should be done IN LINE, with Black (Indian) Ink, on smooth white paper. The process is not adapted to ordinary photographs, possessing half-tones or tints and views direct from nature, nor drawings shaded in ink or water colors. These are first traced or drawn by our artists in lines. The advantages of this process commercially and artistically are very many, and its products excite general admiration.

We call particular attention to our

PHOTO-RELIEF PLATES

for Letter-press printing. A superior substitute for woodcuts, at much lower rates.

Originals should be forwarded rolled (not folded), when possible.

We also invite attention to the following copies of Line Engravings, which are scarcely distinguishable from the originals, though at one-twentieth the cost.

Size, 24x30, 75 cents each; 22x28, 50 cents; 19x24, 40 cents; 14x21 or 11x14, 25 cents each:

TAGS & C

The advertisement is a highly decorative lithograph. At the top, there is a wide, repeating decorative border with a geometric pattern. Below this, the main content is framed by a border of stylized floral and leaf motifs. The central focus is a large, circular portrait of a woman with long, dark, wavy hair, wearing a white dress with a high collar and a necklace. This portrait is set within a decorative frame that also contains the text 'FORBES LITH. MFG CO.' in an arch above it. To the left and right of the woman's portrait are two smaller circular portraits of men's faces. Below the woman's portrait, the text 'PHOTO LITHOGRAPHY' is on the left and 'LIBERTY PROCESS' is on the right. Above the woman's portrait, there are three circular vignettes: the left one shows two horses and a man; the middle one shows two owls; the right one shows a man in overalls working with a large industrial machine. Below the woman's portrait, there are three more circular vignettes: the left one shows two men working with tools; the middle one shows a man in a dark suit and hat standing with a cane; the right one shows several people working in a field. The text '181 DEVONSHIRE ST. BOSTON' is written in an arch below the woman's portrait. At the bottom, there is another decorative border with a repeating pattern, and below that, a wide, dark, scalloped border.

Waltham Watches FOR SALE AND WARRANTED, BY B. H. STIEF, Jeweler, 11 Union St.

FISK UNIVERSITY.

Fisk University occupies a beautiful, healthful location on an eminence which commands a view of the city of Nashville and the valley of the Cumberland River. Jubilee Hall has been occupied since January, 1876. Livingstone Hall, which is now being erected, will nearly double the capacity of the University, both for boarding and instructing students.

The following Departments of Study have already been established, and the Departments of Law and Medicine will be added as soon as practicable:

1. THE COMMON SCHOOL NORMAL DEPARTMENT.

In which careful training is given in the common English branches, by which pupils are prepared for teaching in Public Schools. A "Model School" is provided in connection with the Department, for observation and practice.

2. THE HIGHER NORMAL DEPARTMENT

Furnishes the advantages of a three years' course in Latin and the higher English branches, to those who have completed the former course and wish to fit themselves more thoroughly for their work.

3. THE COLLEGE PREPARATORY DEPARTMENT

Furnishes, in its three years' course, a good opportunity for those who wish to prepare thoroughly for College.

4. THE COLLEGIATE DEPARTMENT

Provides Classical and Scientific courses of study extending over four years. Students who complete the Classical Course receive the degree of Bachelor of Arts. Those who complete the Scientific Course receive the degree of Bachelor of Science.

5. THE THEOLOGICAL DEPARTMENT

Provides instruction for those who are seeking preparation for the Christian ministry, irrespective of denominational differences.

Fisk University aims to place the advantages of a thorough and liberal education within the reach of the largest number possible. The charge made to students covers but a small part of the actual cost of the advantages furnished. The entire expense for board, room rent, lights, fuel, washing and tuition, does not exceed \$12 per calender month.

Instruction on the Piano or Organ, including use of instrument, \$1 a week, to be paid monthly, in advance. No extra charge for Vocal Music.

The First Term of the Scholastic year begins on the First Monday of September in each year. Any particular information desired, will be cheerfully furnished on application. All letters relating to educational matters should be addressed to

REV. E. M. CRAVATH, *President.*

And business letters to

E. P. GILBERT, *Assistant Treasurer,*

Report of Judges Industrial Exhibition of the Agricultural Society of South Carolina.

"We have examined the excellent display of Paints made by Messrs. HARRISON BROS. & Co., of Philadelphia, and do not hesitate to pronounce the "TOWN and COUNTRY" Ready Mixed Paints, with their great variety of colors and tints and great durability upon exposure to the weather, to be the best we have ever seen, and, together with the White Lead and Colors made by this firm, we believe they are entitled to the highest premium that can be awarded for articles of this description by the rules of the Association. Signed, "G. M. WELLS. "C. D. FRANKE. "B. G. FRITH."

THE STATE NORMAL COLLEGE is designed for the professional education of teachers, male and female, from all parts of the South, and is intended to be of the highest order.

Tuition is FREE to all students from Tennessee, and from all other States holding Peabody Scholarships. A charge of \$6.00 per annum is made for the use of text books and for incidental expenses. Students who take the entire Course receive a Diploma, with the degree of LICENTIATE OF INSTRUCTION, which entitles them to teach in any Public School in this State without examination.

A fourth year of study has recently been added to the course for the benefit of such as wish to pursue studies in advance of the undergraduate course, and on such the Degree of Bachelor of Arts is conferred.

One hundred scholarships have been established at this College by the "Trustees of the Peabody Education Fund," worth \$200 per annum, for two years, and distributed among the Southern States, except Tennessee.

The Scolastic Year begins on the first Wednesday in October.

For list of Trustees and Officers of the University, see other side.

"SAMPLE SHEET," Crane's Improved Bank-Ledger Papers.

GET THE BEST.

This Paper has never failed to receive the Highest award when placed in competition with other Papers after a thorough test by competent judges; it therefore stands commended to the public as the best article of the kind in the world.

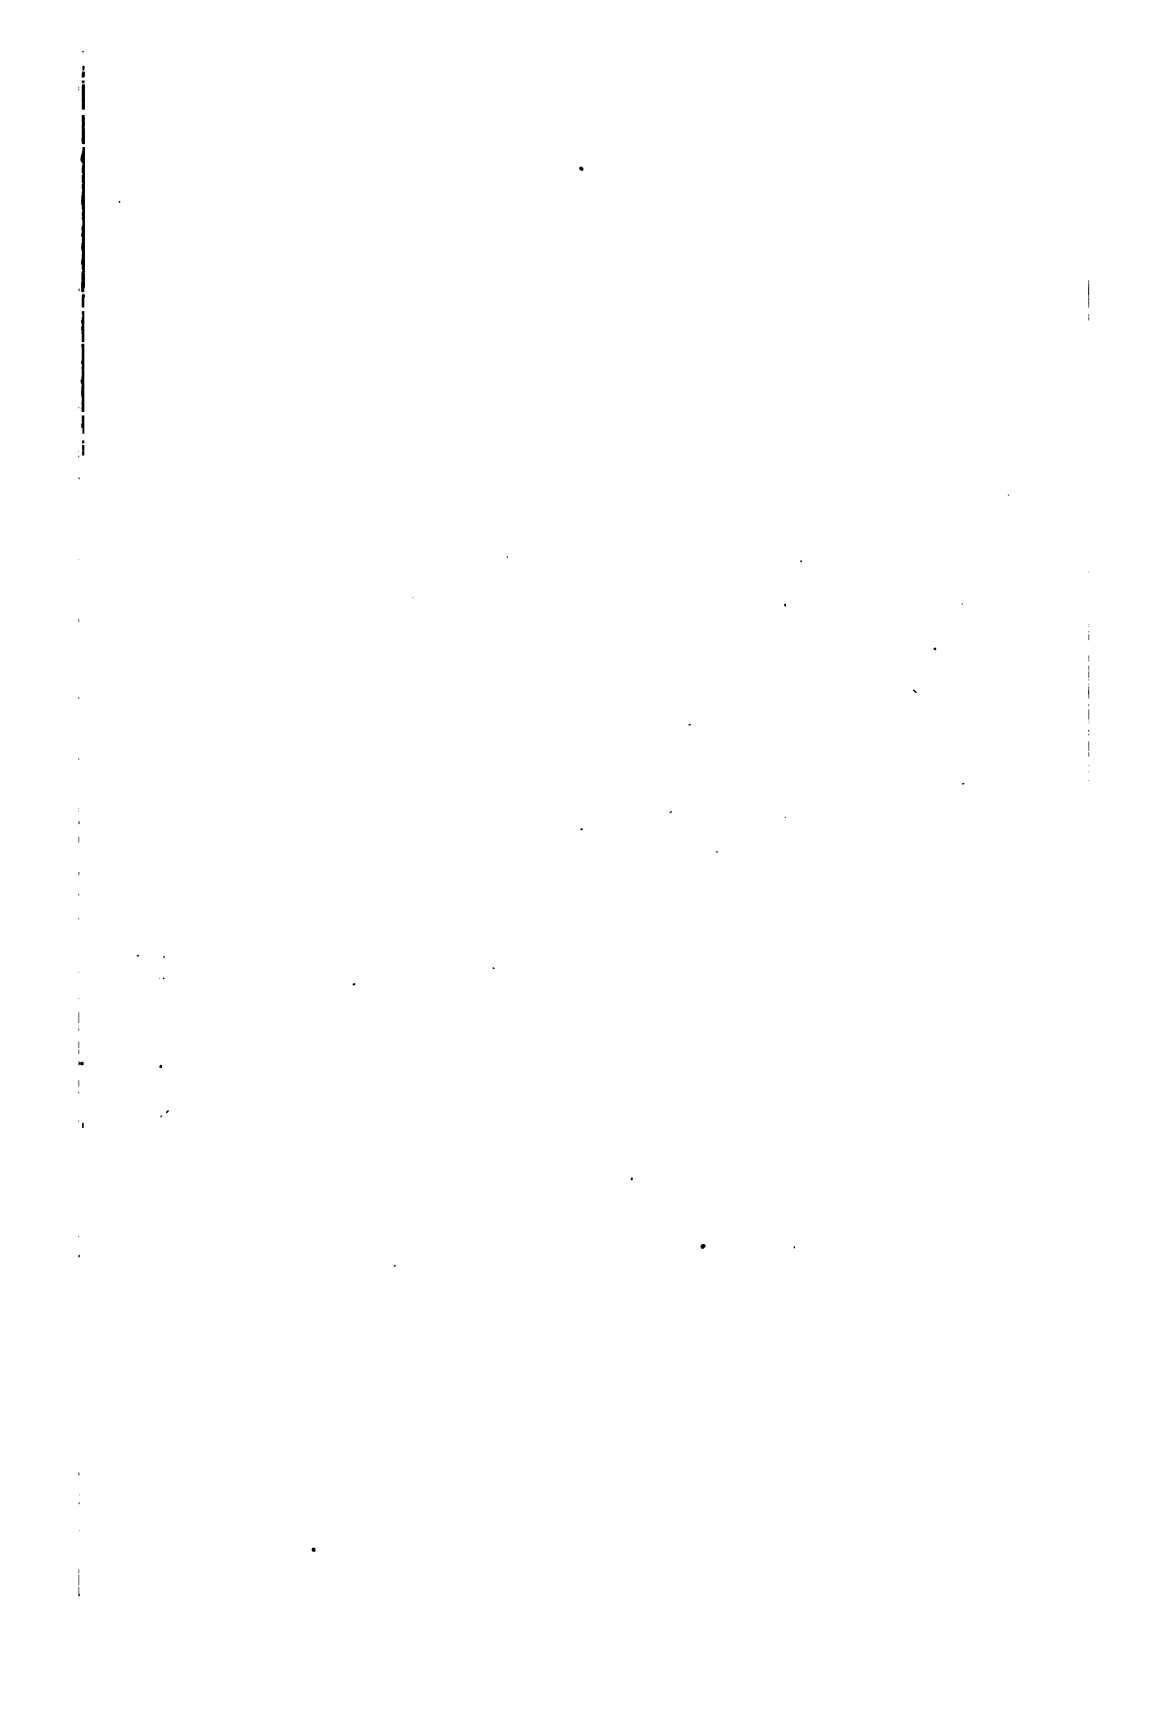

**Grand Prize Gold Medal Awarded at the Paris Exposition 1878,
being the Highest Award given.**

Highest Award at Centennial Exposition, 1876.

These Papers are Machine Hand Made and plate finished, and are recommended by those who are using them to be as good as the English Hand Made Papers. The Crane Papers are made by an entirely new process and will write and erase equal to any hand made paper. After an erasure it is not necessary to rub or use pounce powder. In ordering Blank Books ask your stationer to use this Paper. It costs no more than other papers and will give you better satisfaction. Every sheet contains our trade mark in design, the water mark appearing in same place in each sheet.

FIRE ALARM TELEGRAPH—Instructions to key holders—Alarms must be given from the box nearest the location of the fire; never give an alarm for a fire seen at a distance.

In giving an alarm, open the door, pull the hook down as far as it will reach and let go.

Each box contains a small bell, which, if heard on opening the box, indicates that the alarm has been previously given. By listening at a box one will learn the number of the box from which the alarm was given. For instance, if an alarm proceeds from box 42, the bells and gongs attached will strike four consecutive blows, then, after a short pause, two, thus: 1 1 1 1—1 1, which will be repeated four times. For Eleventh, Twelfth and Thirteenth Wards, two consecutive taps without repetition.

NASHVILLE DIRECTORY.

RATES OF POSTAGE ON FIRST-CLASS MATTER.

Three cents for each half ounce or fraction thereof is charged on matter which is wholly or partly in writing, or other matter containing a written inscription and matter which is sealed against inspection.

Two cents for each half ounce or fraction thereof is charged on local or drop letters at offices where free delivery by carriers is established.

RATES OF POSTAGE ON THIRD-CLASS MATTER.

One cent for each two ounces or fraction thereof is charged on mail matter of the third class, which embraces books (printed and blank), transient newspapers and periodicals, circulars, and other matter wholly in print, proof sheets and corrected proof-sheets and manuscript copy accompanying the same, prices current, hand-bills, posters, chromo-lithographs, engravings, envelopes with printing thereon, heliotypes, lithographs, photographic and stereoscopic views with title written thereon, printed blanks and printed cards.

Upon matter of the third class, or upon the wrapper inclosing the same, the sender may write his own name or address, with the word "from" above and preceding the same, and in either case may make simple marks intended to designate a word or passage of the text to which it is desired to call attention. There may be placed upon the cover or blank leaves of any book or of any printed matter of the third class a simple manuscript dedication or inscription that does not partake of the nature of a personal correspondence.

RATES OF POSTAGE ON FOURTH-CLASS MATTER.

One cent for each ounce or fraction thereof is charged on mail matter of the fourth class, which embraces blank cards, card-board and other flexible material, flexible patterns, letter envelopes and letter-paper without printing thereon, merchandise, models, ornamented paper, sample cards, samples of ores, metals, minerals, shaks, cuttings, bulbs, roots, scions, drawings, plans, designs original paintings in oil or water colors, and any other matter not included in the first, second, or third classes, and which is not in its form or nature liable to destroy, deface, or otherwise damage the contents of the mail bag, or harm the person of any one engaged in the postal service.

Upon any package of matter of the fourth class, the sender may write or print his own name and address, preceded by the word "from," and there may also be written or printed the number and names of the articles enclosed; and the sender thereof may write or print upon, or attach to any such articles, by tag or label, a mark, number, name or letter, for purpose of identification.

LOOKOUT MOUNTAIN ROUTE N., C. & St. L. Ry. To Charleston & Jacksonville

Underwriter's Agency, H. L. CLAIRBORNE, Agent, 57 N. College St., also Gen'l Insurance Agent.

POSTAL CARDS.

Postal cards are issued exclusively by the Department. Cards issued by private parties, which contain any written matter having the nature of personal correspondence, other than the address cannot be passed through the mails at less than letter postage, as they are not "postal cards" within the meaning of the law.

In using postal cards be careful not to paste, gum (except an address, tag or label), or attach anything to them. They are unavailable as postal cards when these suggestions are disregarded.

Postal cards may be forwarded at the request of the party named in the address, the same as letters.

REGISTERED MAIL MATTER.

First, third and fourth-class matter may be registered. First-class matter, or matter on which letter rates of postage have been paid, must always be sealed. Third-class matter and fourth-class matter must be unsealed, fully prepaid at the proper rates, and conform to all requirements. No matter excluded by law from the mails can be registered.

The fee on any registered matter, domestic or foreign, is fixed at ten cents on each letter or parcel, to be affixed in stamps, in addition to the postage. Two or more letters or parcels addressed to, or intended for the same person, cannot be tied, or otherwise fastened together, and registered as one.

MONEY ORDERS.

The money-order system is intended to promote public convenience and secure safety in the transfer through the mails of small sums of money.

The following inscriptions are intended to secure payment of the order to the rightful party.

Never send the order in the same letter with the information required on payment thereof.

Be careful on taking out a money-order to state correctly the given name as well as the surname of the person in whose favor it is to be drawn.

See that the name and address of the person taking out the money-order are correctly made known to the person in whose favor it is drawn.

The fees or charges for domestic money-orders will be as follows:

On orders not exceeding \$15.....	10 cents.
On orders over \$15 and not exceeding \$30.....	15 cents.
" " over \$30 " " " \$40.....	20 cents.
" " over \$40 " " " \$50.....	25 cents.
